- + Chief festivals
- * Other major feasts

This calendar reflects both common and historic use among us, taking into consideration the high regard which our ELS fathers had for the major feasts. General rules: **White** & **Red** take precedence over **Green**; **Rose** is an optional color; **Violet** or **Blue** may be used in Advent. Major feasts (*) that may be transferred are noted with arrows pointing to the proper Sunday on which the feast may be observed (cf. ELS, pp. 5 & 6). Other major feasts without arrows would ideally be celebrated on that day.
